Solicitor General Gets Ward Case Records

CHICAGO — (U.P.) — Copies of the record of the government's case against Montgomery Ward and Co. were sent Monday from the circuit court of appeals to Solicitor General Charles Fahy, indicating that the government may be planning to seek an early

supreme court review.
Fahy asked the court of appeals for the record. He did not indicate what his course of action might be, but court attaches said such a request usually is followed by an appeal to the higher court.

Stop Scowling; These 2 Dogs Earned Priority

WASHINGTON — (U.P.) — Why he should be a social outcast on a plane trip baffled Lieut. Herbert Barnett of New York City.
Maybe it was because he was traveling with a couple of dogs. But the dogs were nicely crated. They weren't bothering anyone. They didn't carry a priority tag, but what was wrong with that?

Why did the passengers glare at him? One even made a snide remark about "royal pets." It was Greek to Barnett. He wasn't happy.
It turned out that he had been out of the country for several months. He hadn't heard of the adventures of Col. Elliott Roosevelt's dog Blaze and his priority. The A ratings accorded Barnett's charges were legitimate. They were suffering from schistosomiasis, a tropical disease. The army wanted to experiment on them quickly. The disease diminishes in temperate climates so they had to be rushed to Washington.
Barnett, who is in the sanitary corps, resigned himself to the treatment of his fellow passengers, hoping only that the plane would arrive here as soon as possible.
Once here he would deliver the canines to the army medical center, Walter Reed Hospital (where another Roosevelt Pooch, Fala, was recently hospitalized for wounds inflicted by his wild-behavior) and rid himself of the stigma they seemed to create.
Barnett got off the plane and was muttering how Americans no longer loved "man's best friend" when he learned the story behind the story—Blaze's A priority.

Maintenance of adequate food supplies has developed into a difficult Cuban problem as the result of war factors being aggravated by crop losses in the hurricane.
